THE TEAM

"Not only is Shark Shield proven to safeguard ocean adventurers, it is also proven not to harm sharks."

Ian 'Shark' Gordon – Marine Biologist, Shark Behavioral Expert, TV Host

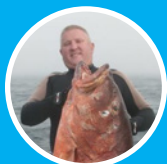

"I don't have a particular fear of sharks, but I have certainly had my share of close encounters. Shark Shield ensures my catch remains my catch, and it will certainly give me more peace of mind while my feet are dangling in the water."

Jim Sammons – Host of 'The Kayak Fishing Show'

"I'm happy to say that I'm part of the Shark Shield Team. No shark issues at all and the ones that came in kept their distance and allowed me to shoot more fish without worrying about looking over my shoulder every second. It has allowed me to shoot, shoot and shoot more!"

Ritchie Zacher – Commercial Spearfisher with Spearfishing World Records in both SCUBA and Freediving

"My confidence in the Shark Shield's effectiveness has increased my production and allowed me to continue to harvest fish after sharks show up."
