This NC 37 is available with a great kiwi set up, with low hours she's ready to go for summer!

# One of NZ's most popular Jeanneau model! Built for New Zealand conditions and powered by the larger Twin Volvo 270HP Diesel engines.

This NC 37 has 2 double cabins, plus a storage cabin or convertible additional sleeping cabin comfortably sleeping up to 6 on board. All cabins feature windows in the hull allowing plenty of light downstairs with ample storage space.

The Jeanneau NC 37 features recessed side-decks, as well as a side door at the helm station enabling easy access to the bow for anchoring and mooring.

A large bi-folding glass door fully opens the main cabin up to the cockpit for 'indoor outdoor flow', and easy access to the galley. The NC 37 offers a sizable living space, with a large interior saloon, central galley, two fridges, pantry and plenty of storage.

With her modular, L-shaped seating in the cockpit pushed aft, the NC 37 has a large and comfortable space for entertaining and the cockpit awning and clears enclosure gives protection from the harsh NZ sun.

Push the cockpit seating forward, and the stern platform benefits from additional space for water sports, fishing and BBQ'ing. The boat comes equipped with a stainless staple, bait board & rod holders with an integrated chilly bin holder.

Large saloon windows and sliding electric sunroof bring the outside in with panoramic 360 views, but still gives protection when the kiwi temperature dips or the sea breeze kicks in. The co-pilot bench seat can reverse to face aft, making the boat perfect for entertaining providing lots of seating for everyone on board.

Don't miss out on the opportunity of having a high spec Jeanneau NC 37 with a berth available to lease in time for the Xmas break!
