# Perfect for long-distance cruising and entertaining in ultimate comfort!

The Aquila 44 Power Catamaran is a luxurious and innovative cruising yacht designed for both long-distance voyages and social entertainment. Powered by twin Volvo Penta diesel engines positioned aft to reduce noise and vibration, it features bulbous bows for increased efficiency and stability. Its helm station is equipped with digital controls, multifunction displays, joystick operation, and thrusters, allowing for easy maneuvering.

The vessel's thoughtfully designed layout maximizes both functionality and comfort. The spacious salon and galley offer 360-degree panoramic views, with a large window partition that opens to create a seamless indoor-outdoor experience. The aft deck provides an al fresco dining area, while the expansive flybridge serves as a prime entertainment space. A unique stairway from the flybridge to the foredeck ensures safe and easy access for docking and anchoring, while wide side decks and safety handrails enhance onboard security. With its meticulous attention to detail and owner-focused design, the Aquila 44 sets a high standard for luxury and practicality in its class.
