Introducing HELMSMAN - Beautifully Maintained and Extensively Modernized Don Senior 14m Flybridge!

Whether you are looking for a family cruiser or a serious fishing machine, with its spacious flybridge, interior and cockpit, Helmsman can cater to to whatever your needs are!

Step aboard *HELMSMAN*, a beautifully maintained 2003 Don Senior 14m Flybridge, where classic Kiwi craftsmanship meets offshore capability and luxurious comfort. This isn't just a boat — it's an invitation to explore the open water in style, with every detail designed for both adventure and relaxation.

From the moment you step onto the custom swim platform added by the current owner, you'll feel the versatility of this vessel. Whether you're casting lines from the expansive aft deck, cooking up the catch of the day on the Weber Q BBQ, or lounging with friends and family in the large flybridge — comfortably seating 14+ people with bean bags for extra comfort — every corner of *HELMSMAN* is built for unforgettable moments. Stairs provide easy access to the flybridge, making movement around the boat seamless.

Cruise effortlessly at 15-18 knots, powered by twin 330HP Iveco engines, now paired with new twin 800L stainless steel fuel tanks, ensuring extended range and reliability. The full walkaround side decks make *HELMSMAN* not only practical and safe but also a dream for fishing enthusiasts, offering easy access around the boat in all conditions.

Below deck, the thoughtfully designed interior blends practicality with elegance. The large saloon can comfortably seat 8 people, perfect for entertaining or relaxing after a day on the water. A total of 7 beds with two cabins accommodating 5 people with another 2 bunks in the companionway, the saloon table can also drop down to make an extra double bed if required— ideal for extended stays at sea. The galley is fully equipped with a 4-burner hob, oven, and large fridge-freezer, making meal preparation a breeze. LED lighting throughout and a cozy forward cabin with its own TV create a warm, inviting atmosphere.

Built with a blue water hull and glassed with epoxy resin throughout, *HELMSMAN* is designed for offshore cruising, combining strength and durability with smooth, confident performance.

State-of-the-art Simrad electronics, including dual 12" MFD screens, radar, autopilot, and a high-performance anchor winch, put cutting-edge technology at your fingertips — so whether you're navigating to a secluded bay or chasing game fish offshore, you'll always be in control.

Priced at \$440,000 NZD, *HELMSMAN* offers a rare blend of performance, comfort, and capability. More than just a boat, it's a lifestyle — waiting for its next captain.
