ON DISPLAY IN ORAKEI MARINA FOR SUMMER

Delivered in Europe and sailed down to NZ, priced ex-tax, Binx is a proven bluewater Cat is ready to go wherever you want

Orakei Marine is proud to present this sleek 2020 Excess 15 for consideration to the brokerage market. Another co-operative listing with our Trans-Tasman partners in Australia, YOTI. Priced Ex-Tax, she is for sale worldwide.

Excess is the new dynamic player in town from the Beneteau group. These sporty Catamarans are focused on Performance, with the current owners boasting a top speed of up to 17kts under sail when they sailed down from Europe as part of the ARC.

Binx has covered some serious ground all under her own steam, proving herself against the Atlantic, Caribbean and the South Pacific, she truly is an exceptional offshore cruiser. Twin aft helmstations both port & starboard give you great visibility when sailing both forwards and up to the mainsail. Electric primary winches make sailing adjustments a breeze. *Binx* has the standard twin swept-spreader alloy rig and a great sail wardrobe of high performance main & furling jib, a gennaker, stormjib, trysail, and a code zero for those light wind days.

She is well set up to accommodate 12 guests in 6 comfortable cabins, with regular local sailings between Bay of Islands and Auckland, *Binx* has no trouble navigating the Hauraki Gulf. A full compliment of Raymarine Electronics assist you in finding your way with 7" Axiom Screen, Radar and AIS.

The Excess range is designed by the same reknowned designers as Lagoon; VPLP to offer decent sailing performance while still offering plenty of space and comfort. There are elements of familiarity across the two brands for those in the know.

With an impressive inventory, lots of saftey gear and a freshly painted hulls & new antifoul in April '24, she looks as good as new ready for her new owners. Contact your broker today for a viewing.
