Located in Palma de Mallorca, Spain but available for delivery to NZ

Delivery Hours Only! This nearly-new Fleming 58, delivered to her repeat owners in April 2025 after a full fit-out by the Fleming team, is now available for immediate sale due to a change in their plans.

A rare opportunity to take delivery of a virtually new Fleming 58 without the usual wait time – perfect for getting on the water this season!

She features the classic Fleming layout with a central passageway, forward owner's cabin, and two spacious guest cabins. Equipped with MAN i6 800hp engines, Sleipner electric bow and stern thrusters, ABT hydraulic fin stabilisers, a Raymarine navigation suite, Highfield tender, and Fleming's latest C-Zone boat monitoring system.

In addition to skipping the long lead time for a new build, this vessel offers a substantial price advantage over ordering new.
