In pristine condition and still under factory warranty.

This NC37 is ideal for a quick getaway or a longer voyage, whether under the hot sun or in winter conditions – Toru is ready to go!

The Jeanneau NC 37 is one of NZ’s most popular Jeanneau models, designed specifically for local conditions and powered by twin Volvo D4-270 diesel engines.

This model features two double cabins, and a versatile storage or convertible sleeping cabin, comfortably accommodating up to six guests.

The NC 37 is designed with recessed side decks and a side door at the helm, making it easy to access the bow for anchoring and mooring.

A large bi-folding cockpit glass door opens up the indoor living space, creating a seamless indoor-outdoor flow and providing easy access to the galley. The interior offers a spacious saloon with dinette, a full service galley on starboard, and plenty of storage. The port co-pilot bench seat can reverse to face aft, offering additional seating in the saloon. Large saloon windows and a sliding electric sunroof offer panoramic 360-degree views, bringing the outdoors in.

In the cockpit, the modular L-shaped seating can be moved aft, creating a larger and more comfortable area for entertaining. By pushing the cockpit seating forward, the swim platform expands, providing extra space for water sports, fishing, and BBQs. The swim platform is equipped with a stainless steel safety rail, bait board with rod holders, and an ice box.
