The perfect all-rounder

Luxury apartment style living, with premium sea views at anchor, this boat is your mobile bach on the gulf.

This stunning 2 cabin cruiser from Jeanneau is a great NZ boat. She has a simple 2 cabin / 2 head layout below and single level living for the saloon and cockpit floorplan.

The NC14 is designed by Camillo & Garroni, giving her contemporary and classic Jeanneau styling, with a functional layout lending itself very well to the kiwi lifestyle.

Powered by twin Volvo Penta IPS 500 370HP Engines, joystick controls on Pods as well as a bow thruster, she is incredibly manoeuvrable in close quarters, but thanks to her innovative hull design, she is also incredibly efficient, even at top speeds. Quick to plane, she burns 38L p/h at 17kts, 51L p/h at 25kts and 75L p/h at 30kts. With 900L of fuel, there's plenty of range to cruise around coastal NZ.

The open cockpit has plenty of seating whilst at anchor, and the hydraulic swim platform makes access to the water very easy. Nice wide side decks make it easy to get around the boat, with a spacious bow area forwards, there's always somewhere nice to relax and take in the sights.

A fully functioning elec galley, with 2 burner hob, microwave combi oven, fridge and freezer, there's plenty of space to cater for your family and friends. The saloon also hides a cavernous underfloor storage area, where you will find your washer / dryer as well as a freezer and plenty of space to stow any extra gear.

2020 hull number, with a 2021 delivery, this boat comes with a transferable warranty. Presented in turnkey condition, she is ready for you to make the most out of the boating season this year.
