In-mast furling and a full beam aft cabin... this 43DS is your on-water bach

Orakei Marine presents this beautifully looked after and very well presented 2003 Jeanneau Sun Odyssey 43DS for sale. The DS range is consistently sought after on the second hand market, due to it's fantastic full beam after master cabin layout.

This particular boat has actually spent half of it's life in storage overseas.. so has lived a relatively sheltered life for a yacht of her age. Now residing here in NZ, the current owners have decided it is time to sell.

Rigged with the classic in-mast furling system so common on the DS range, she has a modest sail wardrobe of furling main, furling genoa with profurl line furler, 1 spinnaker (with new snuffer) + pole.

Full Raymarine electronics suite including sounder, Autopilot, wind gear, VHF and radar, she has everything you need to navigate your way around the Hauraki Gulf or beyond.

Down below, she has a 2 cabin 2 head layout, with a spacious saloon and plenty of natural light filtering in through the big signature Deck Saloon windows. L shaped galley set up includes a big fridge / freezer, a 2 burner Eno 420 gas hob + oven as well as a 240v Microwave. She even includes some branded Jeanneau plates to complete the "joie de vivre" on board.

Up on deck and around the cockpit she boats a secure and safe space for cruising. Easy sailing with all lines leading back to the single central helm. Powered by a 75HP Yanmar, and assisted with a bow thruster, she is as simple to berth as she is to sail. The cockpit is protected with a smart and clear spray dodger, full bimini cover and removable clears for the sides when the weather gets up.

For the right price, the inventory includes a 280 Zodiac Alu tender with beachmaster wheels, a Tohatsu 6HP outboard make getting from ship to shore easy, along with a BBQ, plenty of spare lines and fenders, bait board... even some Bali style SUP racks on the stb side..!

This boat has it all at a very sharp price. Good buying in today's market. Contact your broker today to arrange a viewing.
