Spacious and functional!

The Sealine S48 is extremely well equipped for a 48 foot boat with many extras such as a Generator, Hydraulic swim platform, electric sunroof and water maker!

Summersalt is on the market!

A high volume 2001 Sealine S48 with all the bells and whistles!

She has been well looked after and is in good condition.

Powered by twin Volvo Penta 480hp engines with approximately 1500 hours and a bow thruster she is a pleasure to drive with a cruise sped of 20 knots and top speed of 30 knots.

The interior is set up with a well equipped galley and 2 double cabins, each having there own ensuite and air conditioning!

Equipped with a Kohler 11kva generator you will never need to worry about power.

There is also a hydraulic dive platform that is perfect for launching the tender or accessing the water and the electric sunroof is great for getting a breeze through the boat or star gazing at night.

This is a well set up boat and the only reason the current owners are selling her is that they are getting out of boating.
